## Prophetic Positioning

Christine Casten  
Executive Director of TWC

Prophetic Positioning is a foundational component of our Warrior Class intercession. Accurately positioning our hearts, minds and actions combines sensitivity to God's leading and a prophetic understanding of God's promises and provision for a prayer focus.

The first step in prophetic positioning comes through aligning with His heart. We take those moments to understand what God releases through our connection with Him with our prayer focus in mind. Then, we posture ourselves to receive Intel from Him and listen to His direction to gain a better grid for what He is doing.

The second part of prophetic positioning directs our actions in how we position ourselves through/because of that Intel process. Step two puts action to the strategic (broad plan) and tactical (details) revealed through our intercession process so we can best partner with God's plan and purposes. This action may come through focused intercession, additional preparation, and/or establishing or taking ground.

Always Position Your Heart To Receive.  
Come To The Lord As The Beloved.

*Graham Cooke*

From: *The Kind Intentions of God*

Continued...

Personal application is an important part of our training. At times this prophetic positioning is practiced in our own lives as we learn to walk it out in our areas of influence. As we practice, we develop greater sensitivity to the Lord, which is the key component for our accuracy in hitting the target.

As prophetic intercessors, we are often ahead of the curve, moving forward and trusting God to reveal which step comes next. This sometimes means we move before we “know” or “see” what is coming or is around us. Over time, God has shown us the value of trusting Him to best position us in the how and what. He highlights which aspects of our crafted prayers He is prioritizing next. No matter where we are positioned, our powerful choices come in this form:

- What posture we will assume as we position ourselves?
- Will our attitude be resolved to move forward when God has held back what we can see or know?
- Will we rely only on what we can see in the moment or step into faith in moving forward?
- Will we hold onto what was known?
- Or will we embrace the timing of what God develops as He pulls dots together through a transition process?

**When in transition:** Will we draw from the patient nature of God to actively wait on Him and trust how His hand is moving?

Whether we are strongly established, transitioning or building, the posture we take in how we receive is vital to this season and preparation for the next one.

The accurate focus of intercession for ourselves, TWC or another person, place or thing depends on our sensitivity to God’s leading. Those revelations prophetically position us for the greatest Kingdom impact.

Prophetic Positioning, ultimately, is how we capture God’s heart and live it out.

## News from Brilliant

**Allison Bown**

*Creative Partner / Writer /  
Strategist at Brilliant Perspectives*

Our day of creative meetings with all departments of Brilliant was powerful and wonderful. Thank you for your prayers!

We're pretty excited about several new developments in Brilliant this month. First, *The Nature of Freedom* has been upgraded and will be re-launched soon – followed closely by *The Newness Advantage*, the second book in the Letters From God series. It's been a true delight to work on the activation sections of these books and to dialogue what God is saying through the writing. Our hope is to have both books ready for Anaheim!

At Brilliant TV, Graham and I are currently working on a new Mentoring Series for the Fruit of the Spirit. We've often heard Graham say, "What you think about God is the most important thought you'll ever have," but how do we upgrade our thinking about God so that it leads to our personal transformation? His true nature is wonderfully reflected in the Fruit of the Spirit, so that's how we're presenting this powerful truth.

People are so hungry to understand how to convert the truth they are hearing into their every day reality. TWC has been in the process of exploring that for over six years now, and the lessons that we have and continue to learn are impacting people in the Brilliant TV community who are just understanding that a story and journey with God exists. TWC is a specialist training force in warrior intercession, but remains essential in discovering how a Kingdom development process works. Your training experiences and passion are an act of intercession in and of itself because you're opening up and expanding a territory that many will come into!

We're currently upgrading the studio for Brilliant TV, moving into a larger space across the hall. A variety of new sets are being developed to express the different aspects of our life with God. As most of you know, Brilliant TV is God's provision for Graham to travel less and have the rest needed to heal more deeply. Thanks for your prayers that surround it!

I look forward to seeing many of you in Anaheim, along with the 1300+ others that will join us. As you've probably heard, this will be our last Brilliant Event as we know them now – but certainly not the end of our Kingdom adventure. I have a profound gratitude for these gatherings and the launching pad that they have been for all of us, but also a growing excitement for what comes next.

In 2011, "The Art of Thinking Brilliantly" was the last of the Vacaville conferences, but it was the first official gathering of TWC. In many, many ways, it was a new beginning for what we had yet to see – for both Graham, Brilliant and The Warrior Class.

We can have great affection for what has been, but always let it give way to expectation of the expansive possibilities we have yet to see.

With joy,  
Allison

## IDENTITY IN CHRIST

*Key Territories are found on the website.  
Resources/Training Journals 15 & 16*

**This month our community will focus on the Key Territory of Identity in Christ.**

In this world, there are so many things that try to define us and tell us who we are. The journey to discovering our true identity is found only in our placement in Christ. It is birthed from abiding and relationship with Father, Son and Holy Spirit. As we behold Him, we become like Him.

Sometimes in the process of discovery there are things we need to learn or unlearn.

- Is there something new Holy Spirit wants to reveal about your identity in this season?
- Is there a new dimension/aspect to your identity He wants to expand? If so, what permissions, provision and promises are associated with this?
- Is there anything you believe about your identity that you need to unlearn? If so, what does He say is the truth?

I also encourage you to journal the following: What are the key fights this Key Territory touches on for you? What are the perceptions it addresses? What is your prevailing internal atmosphere? How does it manifest and what was the process you went through utilizing this Key Territory to overcome? Enjoy partnering with Holy Spirit in the process and praying the Warrior Declarations!

### Testimony:

*I used to be quite performance oriented. I tried to be whatever I perceived other people wanted me to be. I realized I was trying to turn myself into a pretzel and didn't even know who I was. It was hard work, not joy-filled and not of God. Finally I stepped into seeking God and asked Him to help me discover my identity, thanks to TWC and Graham's teachings. Now I know that if I'm true to who I am in God, He will lead me in the way He created me to be. I love living in my persona! – Judy Austin*

## Warrior Declarations for **IDENTITY** IN CHRIST

Father – we rejoice that in You we live and move and have our being. Thank You that You chose us before we chose You and appointed us to a life that we are discovering in our relationship together. It is a delight to discover, explore and grow up into the image of Christ that You already see.

### **We declare and release into this territory:**

Freedom from an earth-defined identity to discover how we are known in heaven. A spirit of wisdom and revelation in the knowledge and experience of Jesus. A fresh, intimate encounter with the One who loves us best. Passion-inspired worship that ministers to You.

### **We lock up:**

- The lies of performance-based identity—and with the keys of Identity in Christ, we unlock eyes to see and ears to comprehend Your image of who believers really are in Jesus.
- The taskmaster of fear-based discipline—and with the keys of delight, we unlock the joy of passionate response to a God who is passionate about people.

**Instead** of working to earn acceptance, we release the truth of acceptance in the Beloved.

**Instead** of shame in what we are not, we release double honor for all we are in Christ.

**Instead** of behavior programs, we release a process in God filled with His riches.

We ask in the name of Jesus, that all people would encounter and come to know these truths. That the eyes of their hearts would be enlightened; reforming their perceptions, mindsets, language and actions to align with the mind of Christ and the heart of the Father.

And empowered by the Holy Spirit, to revolutionize their families, communities and regions with how good You really are and how beloved we are each created to be. That life on earth would be as You see it in heaven for us and all believers.

Crafted Prayer for Aglow 2017  
Graham is speaking September 27<sup>th</sup> –  
October 1<sup>st</sup>, 2017

Father,

We rejoice over your 50 years of faithfulness towards Aglow. We celebrate the 170 nations who know You through them. We honor their past, delight in their present and anticipate Your future for Aglow.

Holy Spirit,

Thank you for this time of divine, strategic, forward movement, where:

- Kingdom identity confidence is exchanged for performance-based achievements
- Empowered new leaders are launched by this faithful generation
- Equipping and Intentionality rises to occupy the next level of promised territory

We stir an atmosphere of joyful celebration that is forward facing –  
with times of worship that are unique, fresh and intimate.

We declare that divine callings and new Kingdom assignments would be released and recognized at this gathering.

We ask for the strategies of heaven for Aglow to become evident on earth,  
with focus that empowers and favor that expands territory.

Thank you for imparting Your joy that strengthens  
and relational revelation that evokes courage and trust.

We declare that Graham and the Brilliant team will have:

- Safe travels, full of favor
- Physical stamina and strength
- Peaceful and renewing rest
- Ease of breathing, strong in voice

And sweet times of fellowship with friends and his Friend.

## Living on a Higher Place Songs of Ascent

**“August’s New Member call ‘Songs of Ascent’ is about learning to worship as we’re moving at high altitude.”**

In *Living on a High Place*, Graham describes how, as we respond to the beauty of God in worship, we receive an energy and power that propels us into our new territory. It’s such a rich teaching, and we wanted to tease out what it actually means to “upgrade our worship” for the TWC journey.

Our call explored multiple, creative ways that we can upgrade our worship. From this, each new member named a concrete step they would take for the current territory the Lord is giving them.

### **Here are a few concrete upgrades new members are making:**

- Writing a love letter to God—and then letting Him write one back to us!
- Taking a Psalm and singing it spontaneously to the Lord.
- Beholding the image of God in each person we encounter—allow God’s fascination with them to become evident to us.
- Asking the Lord how He wants to be worshipped today.
- Taking time to play—perhaps sitting and playing with children who may be in your life.
- Seeing worship as a partnership with Papa.

### **Here are a few other creative ways to expand our worship and intimacy with the Lord:**

- Make a “Gratitude/Thankfulness List” all the things can think of that you are thankful to the Lord for. See if you can get to at least 20. Your atmosphere will have been upgraded without fail!
- Practice your identity in worship—“Lord, which part of the Swiss Army knife of my identity do you want me to practice here in this situation?”
- Enjoy His revelation of Himself through Creation (photography, hiking/walking [especially to a view of some sort], camping, observing animals, gardening, cooking, etc.)
- Play/Rest/Sabbath – the time we get to kick off our shoes and focus on play with Papa!
- Any artistic expression done with Papa (writing, poetry, stories that reveal, songs, painting/drawing, pottery, sculpture, dance, etc.)
- Worshipping with our physical bodies (dance, exercise, laughter, etc.)

New member Don Anderson sent in one of his strategies after the call: “I have spent some time laughing heartily with the Lord. It starts by just forcing myself to laugh at times. When I don’t ‘feel’ like worshipping, I just begin to worship till it becomes more natural.”

What are some worship upgrade strategies you are currently practicing?

Christine Casten  
Executive Director of TWC

“Warrior Team is a group of warriors, pioneers and explorers who continue to strengthen their training and community through a focused, self-paced training. We climb to new altitudes, acclimate and passionately pursue our growth through all training levels and modules. We are team coached and given opportunities for training and idea exchanges through conversational calls, specialty training, and an increasing variety of media.”

## Introductions and Walk Through the Key Territories

Warrior Team is full of incredible warriors who are taking hold of their training and development. I have the privilege of hosting two different calls each month.

**One focuses on Introducing our new members to Warrior Team.  
The other explores the Key Territory of the month.**

Introduction to Warrior Team is a great way to get connected to some more of what Warrior Team has to offer. Going through different aspects of this team and giving opportunities for Q&A is a fantastic chance to meet each other, welcome our newer members to Warrior Team and answer any questions they may have. It's a wide open space for questions and we've had some great ones! I love the excitement that builds through those calls.

Each month, we also walk through our Key Territory focus of the month. We've had some really great discussions and the exploration into each territory has been off the charts. Using the Training Journals 15 and 16 as our foundation, we go deeper into what each Key territory holds and apply it to our lives. We also share a lot of stories and testimonies of how that territory is lived out in our day to day.

I would love to have you join me on either or both of these calls. The times/days vary each month so we can hit different time zones of members in our global community. Check out the call list to find out when these or other Warrior Team Training calls are available.

- Christine

## CHAMPIONS TEAM

Connie Jennings  
Champions Team Coach

“Champions Team is a company of warriors who have decided to run harder, go faster, climb higher and endure longer through a group mentoring process. Momentum is key in everything we do! Available through application after completion of Level 1, we build community through team and training calls, Facebook conversations and pouring back into the TWC community in various ways. We are discovering many upgrades to add to our walk.

### “It’s a Matter of the Heart”

“It’s a Matter of the Heart” was the title of one of our Champions Team training calls. This topic originated from Graham’s book [Approaching The Heart Of Prophecy](#), under a section on **The Heart Precedes the Mind at All Times**.

In the book it says, “A lifestyle of HEART-led responsiveness to the Holy Spirit is the essence of the prophetic gift and ministry. Approaching the HEART of God in prophecy is therefore about ruling in life through the heart. HEART and mind working together will enable us to be transformed in life. We recognize that our heart is the door that Jesus is knocking on continually (Rev. 3:20). When we open that door in each situation, then we have an experience of God in fellowship that is ongoing and powerful in its intimate nature.”

We discovered that everything is a matter of the heart, and originates from the heart. We understand that the heart is the center of our being, both physically and spiritually. Heart connections with God and others are vital, in developing relationships. And everything in the Kingdom functions relationally. Therefore, we recognize the importance of keeping our hearts pure and uncluttered, so we can have a good heart connection with the Father. Through our hearts we can see, hear and feel what God does. Getting His perspective always opens a door for something more beautiful and allows us to be good receivers of His abundance.

**“The HEART is designed to respond to revelation (& wisdom); the mind is not.”  
“It is our HEART that recognizes the Voice of God and sees His imprint on a situation.”**

As we discussed all of the above, some felt validated because they understood they were hearing God, and having heart connections with Him at an early age. Some recognized they had been intellectual for years, which had limited their experiences and relationship with God. They are learning to connect with their hearts first and allowing their minds to serve their hearts. Others are expressing intentionality about their heart being the doorway to experiencing more of God.

Our heart connections and experiences with God are developing deeper relationships with Him. This has created a greater capacity in our hearts to trust God, because trust is always a heart issue.

What are you discovering about your heart connections with God?

- Connie

### TWC Q & A's with Graham

If you want some rich information regarding the prophetic inheritance in TWC, go to the resources tab and scroll to the page, "TWC Q & A's with Graham!" Included are links "for TWC eyes only" to his direct responses to our questions. Many are questions you may currently have.

**Some of Graham's responses also include prophetic pictures of what the Lord is opening up for us right now!**

Over the years, Graham has joined some of our Training Days and responded to questions we sent in advance to his arrival. We have recorded and transcribed those interchanges for you to consider. We have a variety of questions members have asked and some of them may be questions you have right now! Many have to do with additional information beneficial to your walk. Others contain experiences Graham had that broaden understanding of how that training developed or was applied. It is full of rich content and treasures to mine. Each one contains a lot of nuggets and gems.

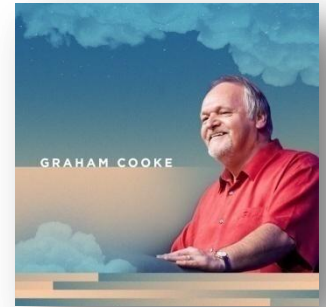

You can read through the whole thing, but it is merely an overview. One way to go through it is to read the questions and determine which one speaks most to your heart. Then spend time reading and rereading the responses. As you read through that response consider these questions and journal them:

- What is God highlighting about my personal journey?
- What is the treasure/gem God is bringing to the surface as I read it?
- What does that gem represent for me?
  - Is it a missing piece?
  - Is it a mindset or perspective that needs to change?
  - Does it act as a tool for my growth or in application to how I live my life?

This year's 2017 Anaheim Training Days includes set aside time for Graham and Allison to come in and share their perspectives on questions we submitted. Both will spend time with us helping us discover the greater riches God has set aside for us in this and the next season. It will be a great time of connection, prophetic and discovery!

## MEMBER SPOTLIGHT:

**Susan Berger Baker**  
Champions Team Member

### About Me

During the 1970s “Jesus People” and Charismatic movements, the Lord invited me out of Catholicism and into a glorious, born-again, Spirit-filled life with Him. With zeal to know and follow the Lord, I engaged with a kaleidoscope of church experiences and pursuits, most (no surprise) with a heavy layer of performance Christianity. Although I grew in Christ, I also struggled until God’s infinite loving-kindness delivered my “grace epiphany” in 2004.

The Holy Spirit has continued my deliverance and transformation via Graham’s ministry since 2006 and thrilling acceleration has occurred since joining TWC in early 2016. My joyful journey with Jesus also includes my fabulous husband, my full-time work as an anesthesia provider (CRNA), caregiving for my lovely mother, opportunities at our church, fantastic friends and family, many travels, and daily delights!

### Becoming the Beloved

Through powerful, soaking encounters with God’s indescribable love, the residual shadows of perfectionism, unworthiness and shame have disappeared in the dazzling beauty of His Presence. Instead of insecure love with self-perceived distance, I embrace the arms of Abba Father as never before and gasp with wonder at His joy in my loveliness. No longer suffocating in the box of “Being a Christian,” I’m enjoying the endless expanse of “Becoming the Beloved.”

I’m finally convinced that God is GLAD (not “mad” or “sad”) about me! Everything is about delight: His delight in me and mine in Him, our delight in walking together, and His delight in whom I’m becoming in Christ.

The life-changing revelations I’ve received while becoming God’s Beloved keep unfolding. My champion life in Christ now beckons because God’s permissions have displaced my performance.

## In what ways are your thoughts and language being upgraded in TWC?

Fresh perspectives, concepts, and vocabulary from Graham and TWC members are tremendously increasing my understanding of God's ways and truths. I've gained traction and trajectory in my walk with the Lord through crafting a dynamic identity statement. Confidence, rest, joy, mercy, worship, and faith are all expanding!
